

# Nexus Technologies Inc.

Quarterly Financial Report — Q4 2024

## Executive Summary

Nexus Technologies delivered strong Q4 2024 results, with total revenue reaching \$48.7 million, representing a 23% year-over-year increase. Operating income improved to \$12.3 million, driven by robust growth in our Cloud Services division and continued expansion in the Asia-Pacific region. The company's gross margin expanded by 2.4 percentage points to 68.2%, reflecting improved operational efficiency and favorable product mix shifts toward higher-margin SaaS offerings.

During the quarter, we onboarded 1,247 new enterprise customers, bringing our total active customer base to 15,832. Customer retention rate remained strong at 94.7%, with net revenue retention reaching 118%, indicating healthy expansion within existing accounts. Our R&D investments increased by 15% quarter-over-quarter as we accelerated development of our AI-powered analytics platform, scheduled for GA release in Q2 2025.

## Outlook & Guidance — FY 2025

For fiscal year 2025, the company expects total revenue in the range of \$210M to \$220M, representing year-over-year growth of 22-28%. We anticipate Cloud Services revenue to grow 35-40% as enterprise cloud adoption accelerates. Operating margin is expected to expand to 28-30% as we realize economies of scale. Capital expenditure is planned at \$18-20M, primarily for data center expansion and R&D; infrastructure.

Key strategic priorities for 2025 include: (1) launch of the AI Analytics Platform in Q2, (2) expansion into three new international markets (Japan, Brazil, and Germany), (3) achievement of SOC 2 Type II certification, and (4) strategic acquisitions in the data integration space with a budget of \$40-60M.
